Bolt Dip and Brush

Cleaner, Faster, More Efficient Anti-Seize and Lubricant Application!

Klever Industrial Products Bolt Dip and Brush is the anti-seize and lubricant solution! Our latest innovation will save you time and money by greatly minimizing mess and time required to apply anti-seize.

Real world testing by some top mechanics demonstrates an 80% time savings when using the Bolt Dip features. When you consider that Bolt Dip and Brush uses 50% less anti-seize or lubricant than traditional application methods, the savings really add up.

Say goodbye to wasteful old-fashioned bottle cap brushes and say hello to the best method to apply anti-seize. Klever Industrial Products Bolt Dip and Brush is the solution you've been waiting for.

Benefits

80% More Time Efficient

50% Less Waste

Real world tested and proven by some of the most demanding mechanics

- high purity anti-seize and lubricants
- meets MIL spec standards
- prevents galling and seizing

Cleaner Faster More Efficient

The Issue:

- Current anti-seize and lubricant application methods are messy and wasteful
- The excess material gets on your hands, tools, clothes and everywhere you don't want it
- Bolts are covered with too much material
- Application is time intensive
- The contents of the container can dry out and are rarely fully used

The Solution:

Klever Industrial Products Bolt Dip and Brush is the anti-seize solution! This product will make your anti-seize and lubricant application easier, cleaner and more efficient... saving you frustration, time and money.

- 80% time savings
- 50% less anti-seize used

Applications:

- Automotive
- Industrial
- Marine
- Food
- Anywhere else bolts are used!

Simple to Use:

- Ready anti-seize or lubricant
 - Dip bolts in appropriate bolt hole
- or
- Brush on bolts

Another great idea from Klever Innovations,
the inventors of the Klever Cutter!
